

**Saturday
October 1, 2022**

1:00 – 4:00 PM

**400 Central Park West
West Bluestone Area**

Rain Date: October 2nd.

8th Annual - 7 Building PWV PLANT EXCHANGE

**Bring House & Terrace Plants to Give Away
Get Plants To Take Home
Start or Add to Your Plant Collection
Come and Talk About Plants
Get pots and planters**

Share what you know about growing them with neighbors. This is an opportunity to meet and learn from other plant growers. You do not need to bring a plant.

- **Bring plants and cuttings** from your favorites for neighbors to create new plants. It is exciting to watch the start-ups as they grow.
- **Protect Your Perennials**
It could be another killer winter! Learn how to protect (overwinter) the terrace plants you prize to help ensure they return next year.
- **Q&A**
Consult with knowledgeable residents who will be on hand and pick up Fact Sheets at the Information Table. Tell us about what's worked and not worked in the homes and gardens of PWV.

Tables will be set up for plants and cuttings. Please identify plants with labels. Or we can help identify and label them. Photos will be helpful. You are the expert on the plants you bring. Your experience will be appreciated.

A Park West Village Community Event Organized by 400 CPW Residents
